3 Hong Kong first in Asia to launch new Finnish smartphone Jolla in Hong Kong exclusively – delivering an unrivalled user experience

- 3 Hong Kong is the first operator in Asia partnering with Jolla Ltd. to launch the new Finnish smartphone running Jolla's own Sailfish operating system (OS).
- Jolla's button-less, gesture-based user interface and specifically designed smart cover "The Other Half" offer an unrivalled user experience.
- Customers subscribing to 3 Hong Kong's 4G LTE smartphone super plan can take advantage of a Jolla handset offer for \$0.

12 August 2014 – 3 Hong Kong, the mobile telecommunications division of Hutchison Telecommunications Hong Kong Holdings Limited (HTHKH; stock code: 215) and Jolla Ltd., the Finnish smartphone company, today announced the exclusive launch of Jolla, the new Finnish smartphone running Jolla's own Sailfish OS in Hong Kong. Starting today, customers can purchase Jolla's new smartphones on 3 Hong Kong website www.three.com.hk/jolla.

Jolla is a new Finnish smartphone, based on the heritage of Meego, an open source operating system formerly developed by Nokia among others. The new exciting smartphone with its button-less feature-rich operating system and Android application compatibility is now available in Hong Kong exclusively through 3 Hong Kong.

HTHKH Chief Operating Officer Jennifer Tan said: "We are thrilled to be the first in Asia to bring the Jolla smartphone that runs on the Sailfish OS to 3 Hong Kong customers. We believe Jolla is an exciting option for tech-savvy smartphone users who are looking for a new and fresh mobile user experience. Fast and unique user experience can be achieved via 3 Hong Kong's high-speed and extensive 4G LTE network and Jolla's Android™ application compatibility."

Antti Saarnio, Chairman of the Board of Jolla Ltd. comments: "Hong Kong is a trendsetter in mobile, and we are very happy to bring Jolla to Hong Kong together with 3 Hong Kong. This is our first operator partnership in Asia, and we feel that 3 Hong Kong is the perfect partner for us. Together with 3 Hong Kong, we will introduce our new mobile operating system, Sailfish OS, a true 3rd alternative to today's two dominating operating systems to the Hong Kong market."

One-hand user experience with classic design from Finland

The Jolla smartphone represents simple and bold Finnish smartphone design. With its button-less, gesture-based user interface, designed for optimal use with just one hand, Jolla offers an unrivalled user experience, which is fast, simple and effective. With its smooth multitasking features you're in full control of your own digital life.

The Jolla smartphone supports Android™ applications as well as intuitive Sailfish OS apps, which makes Jolla an easy choice for smartphone consumers.

The Jolla smartphone has a solid feature set, including a powerful dual core processor, 16GB of mass memory (expandable with microSD), an 8 megapixel camera, ample 4.5" display, and 4G LTE capability, to name a few.

The Other Half: make Jolla the other half of you!

The Jolla smartphone also introduces a previously unseen combination of hardware and software innovation, called "The Other Half". By attaching specifically designed smart covers, the smartphone becomes alive and unique, utilising preset ambiances and functionalities, such as colors, fonts, sounds, profiles, and applications. Manufactured from ultra-durable and scratch resistant polycarbonate, "The Other Half" is the soul of Jolla, delivering a personal and unique experience.

Exclusively available on 3 Hong Kong website

The innovative smartphone is available at \$2,888 on 3 Hong Kong website www.three.com.hk/jolla. An attractive offer from 3 Hong Kong means customers subscribing to \$168 to \$598 4G LTE super plan¹ can take advantage of a Jolla handset offer for \$0! Customers can also get "The Other Half" at the redemption price of \$180, a 25% discount off the original price. In addition, the first batch of customers can enjoy the Jolla VIP pack, with 3 additional The Other Half smart covers for free.
